CUSTOM SOFA | GOOD FIT GUIDE

Before you make an order for a beautiful customisable sofa, it is important that you make sure you have all the tiny details right to be sure your sofa will suit and fit its gorgeous new home. This good fit guide will help you with all those details so you don't miss a thing from ordering to your doorstep!

TIP 1: WORK OUT YOUR SOFA SIZE

Make a note of all of the dimensions of your sofa (These should be listed in the products details or should have been provided to you by a sales consultant). If you are choosing a modular sofa, be sure to note down all the individual dimensions of all the pieces assembled.

A _____

B _____

C _____

We would recommend laying out tape or newspaper on the floor to the dimensions of your sofa so you can get a feel of the space it will take up and the size of the sofa. It is also important to consider the height of the back cushions as well as the height of the arms to be sure your new custom sofa will suit your environment

TIP 2: CUSTOMISE

FABRIC _____

LEG STYLE _____

LEG COLOUR _____

OTHER DETAILS _____

Our sofas are completely customisable. You can pick a variety of sofa upholstery from textiles to leather in hundreds of colours, Sofa legs and styles and sofa configuration. There are so many options it can get confusing. Be sure to list down your chosen customisable options so you do not get confused with the wealth of choice.

TIP 3: MEASURE UP

DOORWAY HEIGHT _____

DOORWAY WIDTH _____

STAIRWAY WIDTH _____

It pays to measure doorways, passageways, driveways, stairs and any other obstacles before delivery of your custom sofa, even before ordering your custom sofa. This will ensure a smooth and safe delivery.

We recommend measuring the door frame height as well as the inner edges of the door frame. Be sure to consider leeway for the delivery crew to get it through the door.

TIP 4: WE'RE HERE TO HELP
